## A Prayer for Summer, Bees, and Nature

Gracious God, Creator of all things, we give thanks for the beauty and abundance of summer. The vibrant colours of the flowers, the warmth of the sun, and the gentle buzz of bees all speak to your creative power and generous provision.

We are especially grateful for the pollinators – the bees, butterflies, and other creatures – who, in their tireless work, ensure the continuation of life and the beauty of the world around us. We recognize the vital role they play in bringing forth food for ourselves and for all living things.

We pray for the health and well-being of these pollinators. Protect them from harm, and help us to create environments where they can thrive. May we be mindful of the plants we cultivate, ensuring that we provide them with the food and shelter they need.

We also pray for ourselves, that we may be good stewards of this earth, appreciating its beauty, understanding its delicate balance, and acting in ways that support and sustain all living things. May our actions reflect our gratitude for your gifts and our commitment to preserving them for generations to come, through Christ our Lord. Amen.
